

Training for Accountable Officials and Certifying Officers

Who Needs Training?

Public Law 104-106, Certifying Officers Legislation (COL), mandates all AOs and COs to complete specialized training*, such as the Training for Accountable Officials and Certifying Officers (TAOCO) course that is offered in TraX. TraX also offers courses on travel policy and the Defense Travel System (DTS). These courses are recommended to ensure that AOs and COs understand the policies that regulate travel expenditures and the approval process.

AOs and COs base their decisions on information that is provided by other Accountable Officials, therefore the following individuals should also complete the training:

- Lead Defense Travel Administrator (LDTA)
- Organization DTA
- Finance DTA
- Budget DTA
- Debt Management Monitor
- Non-DTS Entry Agent (NDEA)
- Transportation Officer
- Resource Manager/Fund Holder
- Automated Information System Administrator
- Agency Program Coordinators (Only those who manage centrally billed accounts and certify vouchers.)

Why Is Training Required?

AO and COs are accountable for the correctness of documents that they authorize or certify. They are responsible for verifying that the Federal Government payments they certify are legal, proper, and correct. If any payment is found to be illegal, improper, or incorrect, the individual may held personally liable for reimbursing the Government for the amount of the payment.

What Courses Are Available?
